FRAGRANCE

WHAT DO I FEEL LIKE

A burst of sunshine in a bottle. This vibrant 100% natural fragrance kicks off with the fresh, zesty notes of orange blossom, blending effortlessly with a touch of citrus that gives it an energizing twist.

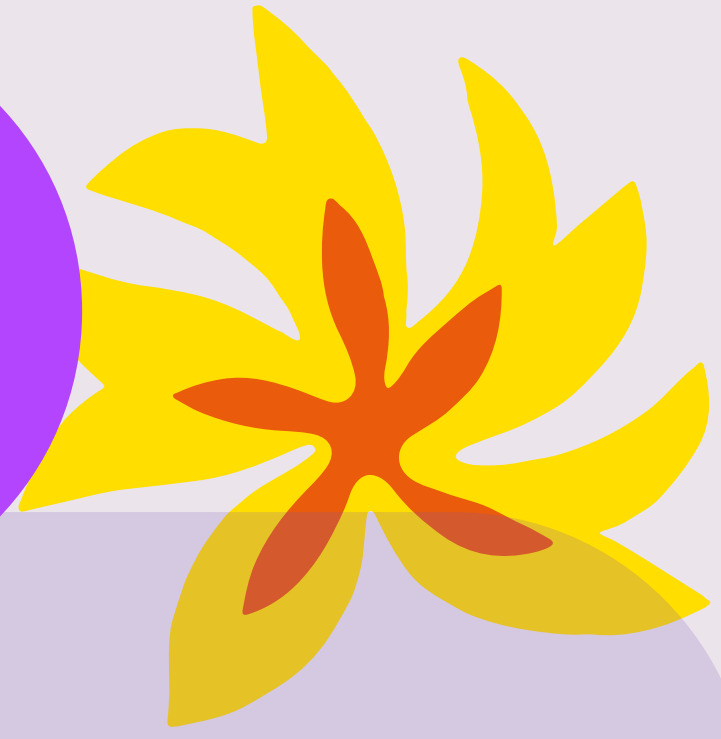

WHAT DO I SMELL LIKE

It's like walking through a sunlit orchard in full bloom, where the air is alive with fresh, floral sweetness. The scent settles into a smooth, warm base of soft musk and light wood, adding a touch of depth without losing its playful charm. Fleurd'Oranger is fresh, lively, and ready to brighten up your day with a little extra spark.
